SEMINAR "FROM TOP LEVEL SCIENCE TO TOP LEVEL BUSINESS"

- You are a PHD, Master or Bachelor student with a background in natural sciences (5th semester or higher)?
- You are interested in the topics of entrepreneurship, sustainable development and start-ups and would like to discover your own entrepreneurial skills?
- You might already have your own research results whose entrepreneurial potential you would like to test?

We would like to introduce you to the seminar "From Top Level Science to Top Level Business" in which you learn about the basics of entrepreneurship and explore your own entrepreneurial potential!

5 CP | Registration till 25.10.21 (E-Campus) | Contact: start4chem@rub.de
